 - *What part(s) of the process went well?*
 - *What part(s) of the process would benefit from improvement?*
 - *How can LEA's best leverage or share their CLNA information?*
- Share groups' reflections
- Share information on additional Field Feedback meetings

CLNA Fundamentals

All recipients must demonstrate strong local industry, student interest, and community support to be eligible for Perkins funds. The Comprehensive Local Needs Assessment is the mechanism programs will use to demonstrate this demand.

"Program application will require recipients to complete a Comprehensive Local Needs Assessment using a state provided template which requires the eligible recipient to consider local economic and education needs, including, where appropriate, Priority Sectors, as defined by Rhode Island Commerce and applied to the CTE Board Standards by the CTE Board and RIDE. Grants will not be distributed to applicants who do not demonstrate completion of the Comprehensive Local Needs Assessment with fidelity" ([RI Perkins V State Plan](#), p. 63).

Offering Feedback

What part(s) of the CLNA process went well?

What part(s) of the CLNA process would benefit from improvement?

And, what are the ways in which LEAs can best share their CLNAs publicly?

Reflections

*What were the main takeaways
from each breakout room?*

Upcoming Field Feedback meetings

In order to understand the field's perspective on the best way to operationalize the requirements of Perkins V, RIDE is proposing a series of Field Feedback meetings to take place in March and April.

- RIDE is proposing a series of five facilitated feedback meetings:
